

# About the Nick Tyrrell Research Prize

**The Nick Tyrrell Research Prize** was established by INREV, the Investment Property Forum (IPF) and the Society of Property Researchers (SPR) to recognise innovative and high-quality, applied research in real estate investment.

The prize is in memory of the work and industry contribution of Nick Tyrrell, who sadly passed away in August 2010. Nick was Head of Research and Strategy and a Managing Director in J.P. Morgan Asset Management's European real estate division. His research work was characterised by a combination of academic rigour, practical relevance and the encouragement of young researchers.

## 1. The Prize

The Judges of the Nick Tyrrell Research Prize have the ability (but not the obligation) to award two separate prizes: first, the 'Open' prize for which all submitted papers will be considered; and second, the under 35 (U35) prize reserved for papers submitted by authors under the age of 35 on the date of submission.

- The Prizes include the following elements:
  - an award of £2,000 for the 'Open' prize and £1,000 for the U35 prize;
  - where feasible, a joint award presentation (which may be held at one of the conferences/dinners organised by one of the sponsoring organisations);
  - the opportunity to present the papers at seminars organised by the sponsoring organisations; and
  - the inclusion of the papers (or summaries thereof) in one or more of the sponsoring organisations' publications;

All of the above elements may be changed at the discretion of the three sponsoring organisations.

## 2. Prize criteria

- Submissions should present original and innovative research explaining clearly how they are of relevance to real estate investment practitioners, preferably across multiple markets, now or in the future. In this context, 'research' may include the development of innovative methodologies and analysis techniques.
- Papers should emphasise the future utility of the ideas and innovations they contain rather than their historic literary pedigree. As such, submissions need not necessarily be structured in line with academic journal requirements; alternative structures are permissible.
- Submissions will typically be between 5,000 and 7,500 words and must demonstrate rigour in both the approach taken and conclusions reached.
- Both single author and joint author submissions are permitted.
- To be considered for the U35 prize, all authors should satisfy the age criteria on the date of submission.
- Papers submitted may only win one of the available prizes.

## 3. Submission of papers

- Papers should be submitted directly by email to the Secretaries (listed below) on [nicktyrellprize@ipf.org.uk](mailto:nicktyrellprize@ipf.org.uk), stating any involvement or sponsorship by third parties and/or whether the paper has been submitted for other prizes.
- The deadline for submission of papers is 31 May each year.
- Papers that have been submitted for other prizes may only be considered with the explicit and in advance consent of the Chair of the Judging Panel.
- Sponsored pieces may be submitted with the written consent of the sponsor. A copy of this consent should be included with the submission.
- Only completed research papers will be considered by the Judging Panel.
- Ideally, the prize(s) will be awarded to an unpublished paper, but papers may be considered that have been:
  - presented to a conference no longer than one year before submission;
  - published in the academic or professional press no longer than one year before submission; or
  - are being considered for publication at time of submission.
- The Secretaries will distribute the papers to the Judges. The Judges will not correspond on any submissions directly.
- The Judges are under no obligation to award either of the named prizes.
- Due to the number of submissions, the Judges are unable to provide feedback on any papers received.

## 4. Management of the Prize

- INREV, the IPF and the SPR will be responsible collectively for the administration of the prizes and will appoint a Secretary to liaise with the Judges.
- The prizes will be funded by monies from the Nick Tyrrell Memorial Fund, which is administered by the IPF through a dedicated

bank account. Monies for the prizes will be raised by the three sponsoring organisations on an as-and-when basis.

- The three sponsoring organisations will each appoint one Judge to sit on the Judging Panel. A fourth Judge will be appointed collectively to act as Chairman. Further Judges may be appointed, providing all three organisations are in agreement. All Judges will serve a two-year term and may serve a maximum of two consecutive terms.
- The Judging Panel should comprise individuals with broad and substantial experience from both academia and practice. At least one member of the Judging Panel will have experience of non-UK real estate markets.

## 5. Other issues

- Should the Fund be unable to award the prizes due to insufficient funds and the three sponsoring organisations choose not to seek additional funds, the remaining monies in the Memorial Fund would be split three ways and an equal share returned to each of the sponsoring organisations.
- Similarly, should all three sponsoring organisations choose to cease awarding the prizes, the remaining monies in the Memorial Fund would be split three ways and an equal share returned to each of the sponsoring organisations.
- Should the prizes not to be awarded at any time during a four-year period, for whatever reason, the prizes would terminate automatically unless the three sponsoring organisations all agree otherwise.

### Judging Panel

Dr Paul McNamara (Chair)  
 Prof. Dr Marc Francke, University of Amsterdam  
 Prof. Dr Martin Hoesli, University of Geneva  
 Dr Alexandra Krystalogianni, Allianz Real Estate GmbH  
 Nick Mansley, University of Cambridge  
 Andrew Smith, Hearstone Investments plc

### Secretaries
